Cottonwood Hollow, Kansas, is a strange place. For the past century, every girl has been born with a special talent, like the ability to Fix any object, Heal any wound, or Find what is missing.

Best friends Rome, Lux, and Mercy all have similar talents, but to them, their abilities often feel like a curse. Rome may be able to Fix anything she touches, but that won't help her mom pay rent or make it any easier to confide in Lux and Mercy about what's going on at home. And Rome isn't the only one. Lux has been hiding bigger, more dangerous secrets.

As Rome struggles to keep her friendships close, she discovers the truth about life in Cottonwood Hollow that friends are stronger than curses, that trust is worth the risk, and sometimes, what you've been looking for has been under your feet the whole time.
